CLOSING OF MUSIC FESTIVAL. "The Seven Last Words of Christ" Presented by Montpelier Choral Union.

The Montpelier Choral union had a large attendance at its closing festival last evening and the matinee yesterday afternoon. The sacred cantata, "The Seven Last Words of Christ," was rendered last evening. By request there was no applause until the cantata was finished, but then there was loud and long appreciation of the work of the artists. The cantata contained solos for soprano, tenor and baritone, with much chorus work.

Mrs. Grace Bonner Williams and Mr. Hackett sang the duet from the third act of Verdi's "Aida." Earl Cartwright, the baritone, rendered "Even Bravest Hearts May Swell," from "Faust," and for an encore, "Just A-Wearyin' for You," from "The Song of the Fisherman."

"The Seven Last Words of Christ," was the closing selection of the festival, with Mrs. Williams in the solo parts.

Conductor Coffin congratulated the Montpelier chorus on its presentation of "The Seven Last Words of Christ," saying it was the most finished production of that cantata he had ever had in charge. It was decided to have Mr. Coffin at Montpelier during the session of the legislature, when two rehearsals and a concert will be given.

So large was the attendance it is felt sure the proceeds of the festival will be sufficient to guarantee another next year.

A THOROUGH TEST

One to Convince the Most Skeptical Times Reader.

The test of time is the test that counts. Doan's Kidney Pills have made their reputation by effective action. The following case is typical.

Barre residents should be convinced. The testimony is confirmed—the proof complete.

Testimony like this cannot be ignored. L. H. Hooker, 101 Prospect street, Barre, Vt., says: "Doan's Kidney Pills did me more good than all the doctors' prescriptions and other remedies I ever tried. Over eight years ago I gave a testimonial telling what Doan's Kidney Pills had done for me, and I can now say that I have more confidence in them than ever. I suffered for a long time from kidney complaint and finally became so bad that my condition was considered serious. My back ached nearly all the time and an annoying kidney difficulty existed. I finally heard of Doan's Kidney Pills and procured a supply at Drown's drug store. I used the contents of five boxes, and they greatly benefited me. I have often recommended this remedy to other people, and in every case benefit has been received." (Statement given November 10, 1905.)

Added Praise. Mr. Hooker was interviewed on May 24, 1911, and he said: "You are welcome to continue using the statement I gave for publication recommending Doan's Kidney Pills in 1905. I keep Doan's Kidney Pills in the house all the time."

BARRE'S GRANITE WASTE

Impressed the Chamber of Commerce Tour at the Quarries.

The Boston Post correspondent on the Boston Chamber of Commerce tour through northern New England sent his paper the following account of the trip from Burlington through Barre to Woodstock, the article appearing in yesterday's Post, as follows:

"Woodstock, Vt., June 13.—The trade extension committee of the Boston Chamber of Commerce reached here today on the first leg of the return journey after inspecting the great granite quarries at Barre, where the committee was given the warmest reception it has been accorded since leaving Boston last Monday.

"Want a Market." "Considerable Boston capital has been invested in the granite business at Barre and large quantities of the stone are shipped all over the country, via Boston, but no market has yet been found for the 'grout' or waste granite, which is heaped in monumental piles alongside every quarry hole. The quarrymen have asked the Boston Chamber of Commerce to secure them a market for this waste product of their industry.

"Immense quantities have been used in road building in the vicinity, and millions of paving stones have been made of it, but the freight rates are too high to permit of any extensive shipments of this product. It is understood that the Boston Chamber of Commerce will lend its influence with the New Haven road, which handles much of the granite shipments, and with the Grand Trunk, its competitor, for better rates on waste granite shipments.

"Over \$1,000,000 Invested." "The quarries, of which there are over 20 large ones, are situated on the top and sides of one of the foothills of the Green Mountains, and the visitors were taken to the two largest in 40 automobiles supplied by the Barre Board of Trade. The largest piece of granite ever taken out of the mountain is known as the Rockefeller shaft. It is 53 feet and five feet in its other dimensions. It now adorns the tomb reserved for John D. Rockefeller in Cleveland, O. Over a million dollars is invested in the equipment of the quarries, principally in the shape of compressed air apparatus, with which the work of quarrying is done.

"A visit was also paid to the works of Jones Brothers, the largest granite working shops in the world, where monuments of all kinds are executed; and just before reaching Barre the party stopped at Montpelier, the capital of Vermont, where James R. Estee and nine ex-mayors welcomed the party.

"Mr. Estee remarked that ex-mayors lived long in Montpelier because they were never permitted to work more than one term. The stop at Montpelier was the third since leaving Burlington in the morning.

"A halt had previously been made at Fort Ethan Allen and Waterbury, where the selectmen and local merchants received the visitors. Lunch was served at the Barre Country club by the Barre Board of Trade.

"A brief stop was also made at the country place of G. G. McClaughlin, who was one of the party. Accommodations were reserved at the Woodstock inn over night. The party will proceed to Manchester to-morrow."

FARM TALK

I want everybody who is thinking of buying a Cream Separator to look at the Simplex. No wonder it is easy to operate, and it is bound to wear well. You could make a mighty good razor out of one of these bowl spindles, that is the sort of material used, and, if a spindle point should get broken, it is easy to put in a new one yourself. You don't have to send to the factory. Don't buy a separator until you see the Simplex.

SWAT THE TENT CATERPILLAR

Or Burn Him Is the Appeal of State Commissioner of Agriculture Martin.

State Commissioner of Agriculture O. L. Martin of Plainfield has issued the following appeal to the people of Vermont to kill the tent caterpillar:

"Whereas the tent caterpillar has made its appearance in great numbers in the state this spring, it is of the utmost importance that every land owner take immediate action against the pest by cutting and burning all scrub vegetation infested with the pest along the roadsides.

"Where the worms take refuge in valuable fruit trees I would recommend thorough spraying with paris green, or the application of a torch. I would also urge that where highways pass through uninhabited territory the town officials take such action as is necessary to hold this insect in check.

"Only a few years ago this same pest made its appearance in the state and did damage to the maple sugar trees from which that industry has never recovered, and it is each man's duty to consider himself personally obliged to the state and to assist in ridding the state of this pest."

Constipated? Go To Your Doctor

It is impossible to be well, simply impossible, if the bowels are constipated. Waste products, poisonous substances, must be removed from the body at least once each day, or there will be trouble. Ask your doctor about Ayer's Pills, gently laxative, all vegetable. He knows why they act directly on the liver.
